

The Oregon Republican.
COUNTY OFFICIAL PAPER.
DALLAS, SATURDAY, MAY 14.

The "Workingman's Party."
[From the Oregonian.]

It is claimed by some Democrats that their party is the "workingman's party." One might suppose from the importance of the small politicians whose capacity is just about equal to such an idea, that the Democratic party embraces most of the workingmen of the country, and that the Republican party is hostile to all the interests of labor. It is a well established fact, however, that the principal strength of the Republican party is and always has been among the industrial classes. In the rural districts, in the thirty portions of the North and East, in all parts of the country where intelligent and skillful labor abounds, there the Republican party is very strong and carries all before it. Go, however, to the great cities, to the haunts of idleness and vice, to the dense populations who live in any way but by steady, honest labor, and there the Democratic party has its chief strength; there it counts on its greatest and surest majorities. Who does not know that this is true? According to the New York World the Democratic party is great on voting ignorant masses; it might have added that its party is great on voting idle masses, too. Democrats probably claim to be a "workingman's party" because their political demagogues are so forward in talking about the hardships of labor, and in proposing various absurd and chimerical schemes for men to live in violation of the first law of their being—that is without work. This is about all they have to rest their claim of being a "workingman's party" upon. And this is too shallow a pretense to catch the votes of intelligent working men; hence the Democratic party throughout the country finds itself continually in a minority.

SINGULAR PHENOMENON.—On Friday night last the residents of the northern part of town witnessed a shower that was, at least, remarkable, and so far, has not been explained. It was raining hard at the time, with little or no wind, when a peculiar substance was discovered to be settling down with the rain. In color and appearance, it resembled flower of sulphur, and some who tasted it pronounced it to be that substance, but Mrs. O. J. Carr showed us that such was not the case; she collected a quantity which was floating on the water caught in a barrel, and putting it on the fire it burned without any of the sulphur fumes. This strange shower continued for an hour or more, and fell in such quantities as to be plainly seen on sidewalks and floating on all the standing water. Some of it fell as far up town as Marion Square, where it was observed by Mr. Cullow, but the heaviest was seen in the neighborhood of Mr. J. E. Strong's. Unfortunately, no attempt was made to collect any of the mysterious substance at first, but we have a small quantity that stood sometime on a water barrel, and if any one who can, will ascertain the analysis, they are welcome to the specimen. Such occurrences are by no means unknown, but they are far from being common in these parts.—Statesman.

TAXATION OF CHURCH PROPERTY.—The question as to whether the town lots in a Church yard which are not actually covered by the Church buildings, are liable to taxation, was argued before Judge Upton, in chambers, yesterday, in the case of The First Baptist Church of Portland vs. Albert Zeiber, Sheriff of Multnomah county. The law of this State says that houses of worship and the lots on which they stand, when used for religious purposes only, are exempt from taxation. The enclosure in which the Baptist Church stands comprises four town lots, on one of which the Church edifice stands—the Assessor assessed the other three as liable to be taxed. The case above mentioned was brought to restrain the Sheriff from collecting such tax. The case is a new one, the question having never been raised before in this State, and as most, if not all, the Churches in this city owning lots which are used as Church yards, desired a test case for all, this has excited considerable interest. Mr. C. C. Ball appeared on behalf of the Baptist Church, and ex-Governor A. C. Gibbs on the part of the Sheriff. After hearing the arguments of the counsel, the Court ordered that the Sheriff be restrained until further orders—as the final decree of the Court cannot be given until the regular term time. But the question may be regarded as finally settled.

Oregon Democratic papers will never cease bragging about "great gains" in Connecticut—a State in which their party has elected the Governor by 732 majority, against 1,765 majority for the same persons two years ago. The Portland organ has had something like a dozen "leaders," more or less, on this promising subject; and doubtless will furnish many more.

A girl in Chester, Vt., died a few days ago from tight lacing. For several months previous to her death, this poor victim had been obliged to sleep with corsets on and tightened to the last notch, for the loosening gave such pain internally that she could not bear it.

An Arkansas landlord thus advertises his hotel in the local papers: "And Joseph wept aloud, and he said unto his brethren, I am Joseph; doth my father yet live? And his brethren answered him: You bet; the old man is doing bully, for he boards at the Cosmopolitan!"

A student brought a suit against his father, on account of some property left by his mother which he claimed. "You know how much it has already cost me for your degree," said his father. "Well: I will give you a hundred pistols more, and you may go to the devil!"

His son thought a minute; then shaking his head, "No," said he; "I will not go for less than two hundred!"

PROMPT MEASURES.—"I shall cane you soundly," said the school master. "What for?" inquired the delinquent.

"For being rude."

"You ought not to cane me so soundly for that."

"Because it's contrary to the table of weights and measures."

"How so?"

"You would be making one rood an acher!"

"You can sit down."

Let every one who wants a Watch read this carefully.

Especially if in some remote, out-of-the-way place.

Now that the railroad is open, we propose to give the residents of Oregon the opportunity of getting single genuine Waltham Watches at lowest New York Wholesale Prices!

We sell more Waltham Watches than any other establishment in the country, either wholesale or retail; we send great numbers to every section of the country by Mail and Express, carefully packed and in perfect running order. Our plan is this: You want a watch, and we are advertising now, we want you first to write to us for our Descriptive and Illustrated Price List; we will send it, post-paid, by return mail. It explains all the different kinds, tells the weight and quality of the cases, with prices of each; you then make a selection of the kind you prefer, and send us your order. We will then send you the watch by Express, with the bill to collect on delivery. We give instructions to the Express Company to allow the best price for the package and examine the Watch; if it suits, you can pay, and take it; if not, you are under no obligation to receive it and if it is taken, and afterward does not prove satisfactory, we will exchange it, or

REFUND THE MONEY.

As an indication of the Prices, we will quote one Watch from our list. The P. S. BARTLETT, Lever Movement, with Extra Jewels, Chronometer Balance, Patent Pinion, Patent Dust Cap, and all the other late improvements, in a Solid Gold Silver Case, \$28 in Greenbacks, or about \$20 in Coin.

All the other kinds, both gold and silver, in the same proportion. Do not order a Watch until you have sent for a Price List, as it contains a great deal of information regarding these watches that will enable you to make an intelligent selection. Don't forget, when you write, to state that you saw this advertisement in the Portland Evening News, and you need not put in stamps for return postage. Address in full,

SCROFULA is a taint or infection in the human organism which weakens the vital forces, and disorders or disarranges the functions of the whole system. This taint or infection is most usually hereditary in the constitution, but it may also arise from habits of life, unwholesome food, etc. In time, if this disease does not show itself in an ulcerous or tubercular form, it induces those other diseases, such as consumption, ulcerations of the liver, stomach and kidneys, salt rheum, dropsy, etc. The best remedy ever yet discovered is "Dr. Walker's Vegetable YINKEAR BITTERS." It will cure the disease if not too far advanced, and will eradicate the cause.
